¡Hola!

Welcome to Escuela Internacional de Español

[s.i.c]

Our school combines the teaching of Spanish with a wide variety of cultural and leisure activities such as: visits to museums, cinema, flamenco, sport competitions between teachers and students, welcome parties, games... We hope all this will make your stay amongst us an unforgettable experience. Located in Cadiz, this Southern, three-thousand year old city is considered a privileged tourist and language-learning destination. One must emphasize the city's magnificent climate, its large and beautiful beaches, without forgetting its historical and cultural relevance.

[S.I.C.] offers personalized teaching designed to suit your needs. Our team strives to make of Spanish learning a unique experience. It combines, in an ideal environment, an academic language and culture immersion programme with relaxed and friendly social relations.

Our method, flexible and interactive, is divided into different learning levels designed to enable our students to acquire the grammatical, linguistic and cultural knowledge necessary to master the language.

We invite you to contact us and SICalize your learning of Spanish.

The City:

Cadiz, capital city of the province of the same name, stands on a 10.58 Km peninsula and has a population of approximately 157,000 inhabitants. It is almost entirely surrounded by water, except for a narrow strip of land which connects the city to another island.

Cadiz has an excellent climate: warm and temperate. The temperatures range between 14° and 20° in winter and slightly above 22° in summertime. Cadiz is proud to be one of the few cities in the world where inhabitants and visitors enjoy more than 300 days of sunshine per year.

The School

[S.I.C.] is a new kind of school where learning Spanish is easier and more enjoyable. Our facilities include large, bright, air-conditioned classrooms. We also have Internet and e-mail room at the disposal of students, as well as a student lounge with television and reading area. We have strived to make your learning experience a pleasant one, and this includes not only our first rate staff but also the best possible facilities.

Everyone at S.I.C. is at your disposal to guide and resolve any questions that might arise. We hope you feel at home amongst us!

Courses:

Our courses run Monday through Friday from 9:00 to 13:30 - intensive, or Monday through Friday from 9:00 to 12:30 . All of our courses are divided into two parts:

- Theory, this part concentrates on the grammatical aspects of the language. After imparting new concepts the students do practice exercises in order to assimilate them.
 - Practice, the student learns and puts into practice, in real or simulated situations, how to effectively communicate in Spanish. This part of the course stresses the acquisition of new vocabulary, using readings, tapings, videos and press articles. It also offers the possibility of gaining fluency in expressing oneself through debates, representation, etc.
- Both parts are taught by different professors so that students get used to different accents and styles of teaching. All our class groups take part with less than 6 students so the learning rate is quite fast.

Levels:

The levels that we teach in the school are as follows: Beginner, Elementary, Intermediate, Upper intermediate, and Advanced. The best way to know your level is to visit:

<http://www.spanishincadiz.com/> and do our on-line test so we can place you in the right group.
